**Subject:** [SonyDRM-priv] proposed banners

Scott and Elizabeth,

Here are my proposals for banner ad language for the three technologies. We've been trying to take a look at the banners to see how many words we can reasonably ask to have put there, but running into technical problems (SunnComm's uninstaller does not appear to work very well, and their tech support to us about it has been abysmal).

As for the other documents, we're still waiting on one document from you. For the others, my co-counsel will not be able to review them until

Please get back to me to answer my other questions before the end of today.

Cindy
